

# Focusing on Living Kidney Donation in 2021

Living kidney transplantation numbers in Australia are on a slow decline for reasons that are not clear. In the absence of face-to-face education sessions, this *online webinar meeting* is designed to answer the common questions and reservations posed by prospective and previous living kidney donors, living kidney donor recipients and all health care professionals working in Australia and New Zealand.

## Key Topics:

- **Role and value of living kidney donation in Australia and NZ**
- **Clinical safeguards for living kidney donation**
- **Matching recipients and prospective donors**
- **Long term follow-up of living kidney donors**

## Speakers

### Facilitator: Prof Carol Pollock AO

- Deputy Chair of the Australian Organ and Tissue Authority and Chair of Kidney Health Australia

### Ms Emma Van Harderveld

- Living kidney donor coordinator, Royal Melbourne Hospital

### Prof Kate Wyburn

- Director of Kidney Transplantation, RPAH and TSANZ President-elect

### Dr Christine Russell

- Kidney transplant surgeon, Royal Adelaide Hospital

### A/Prof Philip Clayton

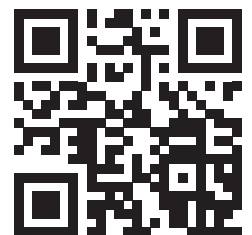

- Transplant nephrologist and ANZDATA guru, Royal Adelaide Hospital

**To be followed by panel discussion answering registrants questions.**

**Wednesday 21, July 2021**

7.00pm (AEST), 6.30pm (SA/NT) and 5.00pm (WA)
